At the ClaytonCare Group, every day is an opportunity to honour and support our patients with compassion and dedication.

♥ We pride ourselves in having two centres of excellence; Clayton House and Care@Midstream. Both have accredited High Care / Ventilated facilities. This enables us to provide equal nursing and medical care to our patients.

STRENGTH IN UNITY: OUR TEAM AND FACILITIES

Our incredible team of nurses and healthcare professionals at **Clayton House** and **Care@Midstream** are the foundation of everything we do. Your dedication, expertise, and compassion will continue to drive us toward achieving new milestones in patient care this year.

Clayton House remains a leader in Ventilator Rehabilitation, Medically Complex Rehabilitation, and specialized programs for TBI, CVA, orthopedic care, and low GCS patients.

Care@Midstream continues to excel as a sub-acute facility focused on Neurological Rehabilitation, Post-Operative Recovery, Orthopedic Rehabilitation, and General Rehabilitation for medically complex patients.
